SOMNIUM SPACE

REGISTERED TRADEMARK - IPA (Australia)

210 Serial number
2327172

111 Registration number
2327172

551 Kind of mark
Individual

550 Type of mark
Figurative

511 Nice classification - NCL
9, 28, 36, 38, 41, 42

220 Application date
April 29, 2022

151 Registration date
April 29, 2022

180 Expiry date
April 29, 2032

540 Reproduction of the mark

541 Reproduction of the mark where the mark is represented in standard characters
SOMNIUM SPACE

NAMES AND ADDRESSES

730 NAME AND ADDRESS OF THE APPLICANT OR THE HOLDER

- Name
SOMNIUM SPACE LTD
- Kind
Legal Entity
- Country
UK

740 NAME AND ADDRESS OF THE REPRESENTATIVE

- Name
Timothy Andrews
- Kind
Legal Entity
- Address
SA 5085
- Country
Australia

750 ADDRESS FOR CORRESPONDENCE

- Name
HARPER JAMES

CLASSIFICATION

511 THE INTERNATIONAL CLASSIFICATION OF GOODS AND SERVICES FOR THE PURPOSES OF THE REGISTRATION OF MARKS (NICE CLASSIFICATION) AND/OR LIST OF GOODS AND/OR SERVICES CLASSIFIED ACCORDING THERETO

- 9

software • mobile apps • virtual reality hardware and software • virtual reality game software • virtual reality [vr] cinemas • virtual reality models • virtual reality headsets • headsets for virtual reality games • virtual reality headsets adapted for use in playing video games • head mounted augmented reality displays • virtual reality software for playing virtual reality games • virtual reality software for telecommunications • augmented reality software • augmented reality software for simulation • augmented reality software for use in mobile devices • 3d animation software • 3d computer graphics software • three dimensional picture manipulators • data and image processing software for making three dimensional models • virtual reality [vr] motion simulators • virtual reality software for simulation • virtual reality hardware • computer software for creation of personal 3d avatars for games and virtual reality • data and file management and database software • software for the management of rental processes • video films • virtual tour videos • virtual tour videos of buildings • property market software • support software for processes relating to virtual estate management • support software for the virtual estate market • software for virtual estate market analysis • software for the analysis of virtual estate space • support software for building processes • support software for architects relating to architectural processes • support software for architectural design • support software for the management of technical documents • software for automated architectural design • software for automated assessments • software for automated acoustic analysis • software for automated design of installations • software for data flow administration • software for data archiving • downloadable multimedia files containing digital characters and avatars • downloadable multimedia files containing animated digital characters and avatars • downloadable computer software application which allows users to create virtual images consisting of avatars, images representing individuals and graphical depictions of people that can be posted and shared • downloadable computer software for blockchain technology • downloadable computer software for managing cryptocurrency transactions using blockchain technology • downloadable software, namely downloadable digital files authenticated by non-fungible tokens [nfts] • graphic art and software.
